## Woody

A modular range of chunky timber seating, inspired by the aesthetics of aging timber. Its massive frame consists of wooden panels, firmly fixed with 6 stainless steel screws. The range is virtually maintenance free; the wood is left uncoated but treated against moulds and pests. This allows the seating to age naturally and beautifully. Options available for tree protection and cycle storage.

ESF-LWD-500

**Bench 3m in length by 1.5m wide.** Steel structure with adjustable legs. Can be free-standing or anchored to paving in concrete base.

Aperture 200x200mm

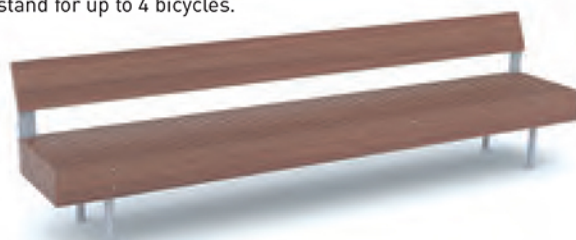

ESF-LWD-110
